

# Public consultation on the Revision of the EIB Transport Lending Policy

## Safety & Security

Breakout 3: 15h00 – 16h15

Thursday 14 October 2021

# EIB panel (Projects directorate – Mobility Department)

**Max Jensen**

Head of the Regional Transport Programmes Division

**Per Mathiasen**

Senior Engineer,  
Regional Transport  
Programmes Division

**Maja Rogińska**

Senior Economist,  
Strategic Railways Division

**Ozhan Yilmaz**

Engineer,  
Air, Maritime & Innovative  
Transport Division

# How to participate in the discussions - Slido

- Go to **sli.do** on your browser and insert the code **#TLP**
- After the presentation, “raise your hand” and the moderator will give you the floor

*You can “like” other people’s questions and comments to give them priority!*

My name (and organisation)

2:26 PM

This is my comment

*The slides and a summary of the discussion will be made available on our consultation webpage*

# EIB lending to the transport sector over the last 10 years

EIB Transport Sector Lending (2011-2020)

# Four pillars to underpin the EIB's Transport Lending Policy

**SAFE** - A safe system that prevents unnecessary loss of life, and protects users from attack, discrimination or harassment.

**ACCESSIBLE** - An affordable and accessible network available to all who can benefit from the opportunities it provides.

**GREEN** - A clean and carbon-neutral system that does no significant harm to the environment.

**EFFICIENT** - A smart and efficient system that achieves its benefits by utilising technology to minimise the use of resources and prevent congestion.

# Lack of security as a limitation to accessibility

## – and what can be done

Campaigns about behavior in transport

Improved lighting, CCTV, female security staff

Real time information

Various apps allowing to report improper behaviors and receive immediate help

Access to sufficient amount and safe sanitary facilities

Extra “at request” stops to leave the bus at night

Figure 32: Female transport agent in Buenos Aires. Photo by Sebastián Anapolsky.

## Challenges ahead

---

- ▶ 97% of all transport fatalities occur on roads.
- ▶ 1.3 million die in road accidents every year.  
Half are pedestrians, cyclists and motorcyclists.
- ▶ Leading cause of death for children and young adults.
- ▶ Increased risk of terrorism.
- ▶ Harassment limiting accessibility to (public) transport.
- ▶ New technologies, new safety and security threats.

# Policy context

---

- ▶ **EU Road Safety Policy Framework 2021-2030**  
50% reduction in roads deaths and injuries from 2020 to 2030 + Vision Zero for 2050.
- ▶ **EU Road Safety Directive** (amended in 2019)  
Road Safety Impact Assessments, Road Safety Audits, and Safety Ratings.
- ▶ **UN General Assembly Resolution and SDG 3.6:**  
50% reduction in road deaths and injuries by 2030.
- ▶ **SDG 11.2:** Access to safe, affordable, accessible and sustainable transport systems for all by 2030.
- ▶ **SDG 5:** Gender equality and women's empowerment
- ▶ **SDG 10:** Reduce inequality

# Discussion points

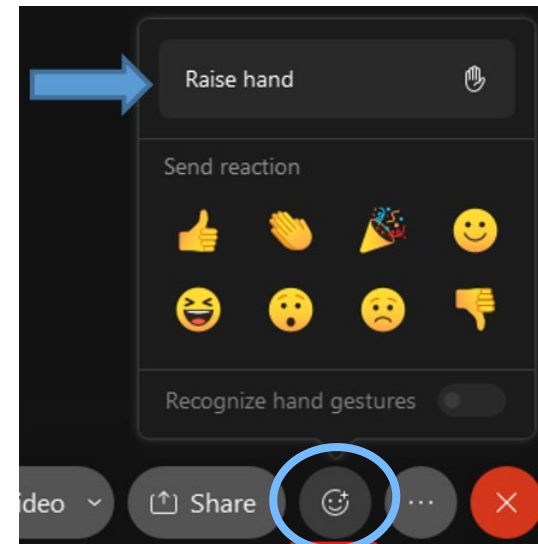

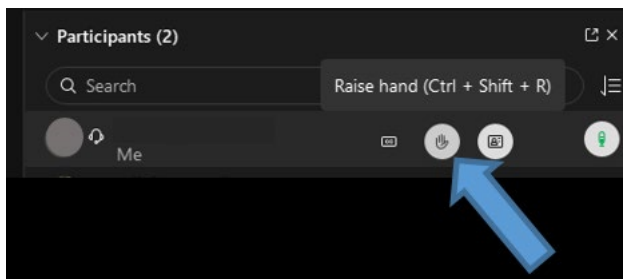

---

## How can we best prioritise investments to address:

- ▶ **Country capacity** to reach 50% reduction in deaths and injuries by 2030?
- ▶ **Implementation of the SDGs** (voluntary)?
- ▶ **Level of safety required in EIB infrastructure investments** - how to measure performance and impacts?
- ▶ **Urban roads**, which are not covered by the EU Directive?
- ▶ **Personal security** in the use of transport services?
- ▶ **Terrorism, vandalism, theft, disruptive behavior?**

# How to participate in the discussions – raise hands

- **Indicate that you wish to speak**
- **Wait for the cue** from the moderator, who will call out your name
- Remember to **lower your hand** if you no longer wish to speak
